Upcoming Events

We are still going back to refresh letters that we may have forgotten or still need a little extra help on writing but we are now focusing on writing our whole name. Since last week was so hit and miss we are going to repeat last weeks lesson from the curriculum. We will also be getting on our chromebooks for the first time!!

From the Curriculum:

This week your kiddos will learn ways to share their imaginative and creative ideas with others. We will read stories about imagination and then will work on our S.T.E.A.M superheroes.

S.T.E.A.M for the week:

This week we are really going to be using our imagination. We are going to be thinking about what makes a superhero and then making a paper bag superhero that could help make the world a better, happier place.

Other Announcements:

We are going to be having a Valentines day party on the 14th... More details to come!!
